Grand Avenue School Age Summer Camp

Camp 1: June 6 - June 23

ANIMAL PLANET - UNDERWATER EDITION

Over 70% of the world is covered with water & the creatures that inhabit the seas, oceans and lakes are remarkable! Jellyfish don't have any bones or a brain yet they've survived for *millions* of years! The skin of a shark feels like sandpaper because it is covered with tiny teeth!

We'll have fun with this and much more as we delve into the deep!

Camp 2: June 26 - July 7

Super Hero Adventures

It's a bird, it's a plane, it's your favorite Super Hero! What makes someone a super hero? Can we be heroes in our own community? We'll join our super friends and create a cartoon character with all the powers in our imagination. We will attempt to leap over tall buildings with a single bound (*not really but we can pretend*) with our super-sized obstacle course.

Camp 3: July 10 - 21

Backpacking from Beijing to Berlin

Put on your xuezi (hiking boots) as we trampen (backpack) through China, Germany & other countries. Along the way we will learn games that children in different countries play. We'll fill our backpacks with a sampling of snacks from different cultures! What would hiking be without heading off the beaten path for a scavenger hunt to top off this camp?!

Camp 4: July 24 - August 4 From Prehistoric Time to the Stone Age

Your kids will dig this camp! We'll touch upon everything from dinosaurs to cavemen. Brookfield Zoo's Dinos & Dragons exhibit will give us a chance to walk with the dinosaurs. The writing on the cave wall will take us back to the stone age. We'll even try fashioning our own tools.

Camp 5: August 7 - 18

Transport Me

How can we get ourselves or something from here to there? We'll try building vehicles using everything from Legos to cardboard boxes. We'll test out traveling by land, water and air. Let's get moving with this fun, fast-paced ending to summer!
